Rs. 1000 crores a year. The Mission had recommended to Government a strategy based on the successful achievement of self-reliance in foodgrains, fibre and dairy products. This four-fold strategy consists of:

(a) further development of profitable oilseed crop technology;

(b) development of more efficient post-harvest technology;

(c) support to farmers for applying modern crop technology and increase yields; and

(d) reforms in the post-harvest operations including incentive prices to the farmers and strengthening of storage, processing and marketing facilities.

Government have accepted the recommendation of the Mission; and the concerned agencies in the Central and State Governments are implementing various components of this strategy.

2. The Mission has also recommended an Integrated Policy harmonising production, distribution, imports and pricing so that the interests of farmers, consumers and the economy are efficiently served. Government have also accepted this recommendation.

3. Despite deterioration in the monsoon in the two years (1986-1988), the production of oilseeds has gone up by 13 per cent over 1985-86. A bumper crop of 150 lakh tonnes is forecast in 1988-89.
